

UTAH WILL SEND MAY DELEGATES

One Hundred and Twenty-five Expected to go to Irrigation Congress.

WILL LEAVE SUNDAY NIGHT

UTAH'S EXHIBIT IS IN FIRST CLASS CONDITION.

Utah will be well represented at the national irrigation congress which convenes at Boise, Idaho, Sept. 3. It is expected that at least 125 persons will take the special train at 8 o'clock Sunday night over the Oregon Short Line. It will arrive in Boise Monday morning in time for breakfast.

Fifty reservations were secured yesterday and many of the delegates will be accompanied by their wives. Fisher Harris and L. J. Keyes of the Oregon Short Line completed arrangements yesterday afternoon and additional Pullman cars will be held in reserve so that there will be plenty of room for everybody. Bert Harris will be secured up until 4 o'clock this afternoon either at the Oregon Short Line offices at Main and Second South street or at the Commercial club. Mr. Harris said yesterday afternoon that he had received a telegram from Preston, Idaho, saying that time delegates would be at Dayton to take the special to Boise. Arrangements were made to stop for them. Fifteen more will board the train at Ogden and several persons from the southern part of the state are expected to arrive in Salt Lake today and join the delegation on the special train. Held's military band will accompany the Salt Lake delegation to Boise.

Mr. Harris is in receipt of a telegram from Thomas Judd, who is in charge of Utah's exhibit, that everything is in first class shape. The exhibit has good location and from the tone of Mr. Judd's telegram he expects to see Utah carry off the Clark cup.

The following is a list of those who have secured Pullman reservations: J. J. Judson, Fisher Harris, A. H. Snow, George Austin, E. C. Hadley, J. F. Grant, W. H. Blunt, R. J. Sheld, George T. TO VISIT BIG SMELTER

Real Estate Association to Run Educational Excursion to Garfield Tomorrow.

The Salt Lake Real Estate association will run a cheap rate excursion over the Salt Lake Route to the Garfield smelter tomorrow, for the benefit of Salt Lake who have never seen the gigantic smelting plant which has just been completed. Special trains will leave over that route at 2 o'clock and at 8 o'clock, and returning will leave the smelters at 5:30 o'clock. "There are thousands of people in Salt Lake who have never seen the greatest of this smelting plant," said a member of the association, "and we want them to become educated as to what Salt Lake really has in an industrial way. This one of the city's greatest industries, and we want the people here to be able to tell their friends about it, and to interest them in the industrial wealth of this community."

Excursions are planned by this association to other points of interest within a few miles of the city. These will be called "Educational Excursions" and are intended to awaken greater interest in the city among the residents of the city, and to make them more intelligent with regard to the benefits to be derived from residence here.

JOE ELDREDGE WILL RESIGN

Smootites Must Elect New Chairman of Republican County Committee.

THEY ARE NOT SORROWING

FEAR ELDREDGE'S LOYALTY TO CAUSE OF PROVO BOSS.

It is up to the Smoot machine to select a new chairman of the Republican county committee. Chairman J. U. Eldredge, Jr., announced yesterday that he would tender his resignation to the county committee which has been called to meet next Wednesday afternoon in Judge Armstrong's court room. "In explaining his resignation yesterday Chairman Eldredge said: 'I do not consider that I have the right to draw salary from the county while devoting my time to political activity. I shall resign and let the committee select another man so that he can be broken in by the time the county convention meets.'"

Smoot Men Not Displeased.

The Smoot machine leaders are not entirely displeased with Mr. Eldredge's resignation. While he has worked with their faction of the party ever since Reed Smoot became a factor in politics, he has not been entirely in harmony with his quorum. The machine turned him down for the postoffice last winter, notwithstanding his herculean labors for the election of Senator George Sutherland, and ever since that time the machine has been fearful that Eldredge would seek the first available opportunity to even up with them.

They have a suspicion, however, that Mr. Eldredge cherishes an ambition to be the real boss of the Republican machine himself, and to supplant E. H. Callister, William Smith, "Fussy Jimmy" Anderson, and the rest of the Smoot bunch. They have had an uncomfortable feeling for months that were he to raise the standard of the party, he would lead them into a district in Salt Lake county would make the district dangerous and formidable antagonist.

Disapproved Smoot's Election. Moreover, Mr. Eldredge committed one offense for which Senator Smoot never forgave anybody. At the time of Smoot's election to the senate, Mr. Eldredge questioned the wisdom of his election. He did not rebel; he merely said that he doubted the expediency of sending a challenger to the senate.

For that same offense Reed Smoot decreed the downfall of Heber M. Wells, whom, it is said, he hates worse than he does ex-Senator Thomas Kearns, and he has always been suspicious of Mr. Eldredge's loyalty. That expression of opinion, in anything else, cost Mr. Eldredge the postoffice.

The Smoot organ, too, is distinctly sore at Mr. Eldredge because he has refused to give it an absolute monopoly of the advertising patronage of his office. The organ has had the lion's share, true, but it has demanded it, and Mr. Eldredge has stubbornly refused to accede to the demand.

Won't Oppose Him for Clerk. It is not likely that the machine will oppose Mr. Eldredge's re-nomination, for, outwardly at least, he is still a staunch machine man. Besides, he helped him at this time might wreck the machine forever and a day. But Smoot and his supporters are not willing to pick a content over the retirement of Mr. Eldredge from the leadership of the county organization since March 1, 1906, and since that time he has been chairman of the committee.

Mr. Eldredge has been connected with the Republican county organization since March 1, 1906, and since that time he has been chairman of the committee. He was re-elected in 1900 and 1902, and when Chairman of the Board of Health in 1904, he was made chairman of the committee, and has held that position ever since. His campaign of 1904, which he managed, was the first time that Utah became a state that the Republicans elected every man on their county and legislative ticket.

Horace H. Smith, secretary of the committee, will not resign next Wednesday, but it is likely that he will be a candidate for re-election when his term expires with the county convention. He has been appointed assistant secretary of the county committee in the present election.

Will Hold Separate Primaries. When the county committee meets Wednesday it will call the county convention. It is probable that separate primaries will be held for the election of delegates to the state and county conventions respectively, and one of the duties of the committee will be to apportion Salt Lake's 10 delegates to the state convention among the voting districts of the county. The county convention will be held after the state convention, which meets Sept. 20.

BLACK READY TO QUIT.

Offers to Drop Charges Against the Morris Administration.

Councilman T. R. Black, who stood sponsor for the charge that the Morris administration padded the payroll of the street department to secure Democratic campaign funds, is ready to quit. Thursday night P. J. Nelson, former clerk in the street department, was on hand when the council committee met, supposing that the charges which Black fathered would be investigated that evening. The investigation was postponed because of the absence of Chairman A. R. Carter, chairman of the street committee. Black, however, saw Mr. Nelson there and approached him.

"Say, Pete," he said, "we've always been pretty good friends and we'd better let this thing drop. I'm willing if you are."

Mr. Nelson replied promptly that he was willing to let the matter drop, and that he would insist on a full investigation. The Democratic members of the council will back him in his demand, and the Americans will either be forced to have the investigation or admit that they misrepresented the facts.

AMERICANS AFTER FRICK.

Leaders of the American party are trying to induce Judge E. Frick to join their party and publicly declare himself one of them. Judge Frick's defeat for the supreme bench has been decreed by Senator Reed Smoot because he refused to endorse William Spry for United States marshal.

The Americans, it is said, are willing to place Judge Frick on their ticket for supreme judge and, while admitting that he could not be elected, they are urging him to join on the ground that he will at least have the empty honor of a nomination, which, according to the present outlook, is more than he will get from the Republican party. Besides, they argue, it

SON OF INDIAN CHIEF IS HERE

Harry J. Eastman of Osage Tribe Tells of Uncle Sam's Generosity.

ZION LOOKS GOOD TO HIM

BUT HE PREFERENCES INDIAN TERRITORY TO ARID REGIONS.

Harry J. Eastman of Skytook, I. T., is a guest at the Knutsford and has been taking in the sights of the city with friends since Thursday. Eastman is a son of Chief Bigheart of the Osage Indian tribe. His father has been chief of the tribe for twenty-one years, but on Jan. 1, 1907, will relinquish his chieftainship and will enter private life as a citizen.

The Osage Indian tribe is the richest body of Indians in the United States. Their land is considered the finest and most productive in the southwest, and commands the highest price of any farm land in the country, according to Mr. Eastman.

Tribal Regime Is Ended.

"The old tribal regime will be a thing of the past after the end of this year," Mr. Eastman said last night. "The tribesmen are satisfied with the change and feel that the federal government has treated them in all fairness in the matter of taking over their lands."

There are 500 members in the tribe, and the government gives each man, woman and child 25 acres of the choicest land in the southwest. In addition to this each tribesman gets \$1.50 for the remainder of the Indian lands.

"The Osage Indians are an agricultural people and love their farms. They are not nomadic in any sense and are up to date and progressive. Some of the brightest business men of the southwest are Osage Indians."

On Sightseeing Trip.

"I have come to Salt Lake merely on a sight-seeing trip. I have no business interests outside the territory and feel satisfied to remain here. I am a graduate of Carlisle Indian school and have seen pretty much of the country, but my own section pleases me most. I do not believe that I would care to live in the arid regions. Here man has to great a battle against the desert to win a home out of the wilderness. There nature seems to smile upon us, and to lend her aid to our efforts. We are a contented and satisfied people and I know of no member of the tribe who has the wandering instinct."

will give him a more prominent position in state politics than he now occupies. Judge Frick has not yet succeeded in the fight against the American leaders, but there is no telling what will happen. Up to date, however, he is still prosecuting his campaign for the Republican nomination despite the flat of the Provo boys.

THEY WARN MR. HAMMOND.

Sanpete Republicans Say Smoot Must Keep Out of County.

Swan O. Nielson of Fairview and Fred C. Jensen of Mt. Pleasant, two prominent Republicans of Sanpete county, met at the city yesterday and called upon State Chairman J. T. Hammond. Both men work in the business office of the county. They warned him that the tactics employed by W. D. Livingston and his co-workers two years ago to turn the party in the county in Smoot's interest would not work this year, and that the voters would resent it at the polls by voting the Democratic ticket.

Messrs. Nielson and Jensen both expressed the opinion that W. D. Livingston is not sincere in his renunciation of the machine. They believe that, despite his protestations of hostility to Smootism, he will do the best he can to deliver Sanpete to the federalism of Joseph Howell in the state convention.

FEAR THE LABOR PARTY.

American Leaders Will Try to Disrupt the Movement.

Part of the huge corruption fund which the American party is raising will be devoted, it is said, to heading off the movement started among union men to put a labor ticket in the field this fall. The Americans fear that such a ticket would draw most heavily from them, and any labor leader who is short of cash, it is said, could hear something to his advantage by calling upon County Chairman J. E. Danner, who has offices in the Commercial block.

Political Notes.

State Senator A. G. Barber of Cache county was in the city yesterday. He told friends that he would probably be a candidate for re-nomination and re-election at the hands of the Democratic party this year. Judge O. W. Powers, who has just returned from the east, is being besieged by Democrats to run for congress again this fall. Judge Powers has not yet committed himself on the subject, but Democratic leaders are hopeful that he will consent to make the race.

Simple Catarrh Remedy

Take a Hymel Treatment Four Times a Day and Be Cured.

Hymel has performed almost miraculous cures and is today recognized by leading members of the medical profession as the only advertised remedy for this disease that can be relied upon to do just what it claims.

Until recently your physician would have said the only way to cure catarrh would be to have a change of climate, but now with Hymel you can carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day, cure yourself.

The Hymel treatment is simple and easy to use. It destroys catarrh germs in the air passages and enriches and purifies the blood with ozone. When using Hymel the air you breathe will seem like that on the mountains, high above the sea level.

A complete Hymel outfit costs but \$1.00, extra bottles, 50c. If it does not give you satisfaction, F. C. Schramm will refund your money. You run no risk whatever in taking this reliable treatment.

For sale by F. C. Schramm, corner First South and Main streets. "Where the cars stop."

EMERY HOLMES FAIR TODAY

Will Be Given for Benefit of the Infant's Home on I Street.

The big fair which the women of the Emery-Holmes are planning for the benefit of the Infants' Home on I street, will open at 3 o'clock this afternoon and will continue both afternoon and evening. The large east dining room has been loaned for the purpose, and here booths have been erected and wares displayed by fair maidens.

The movement has grown from the plan of some children to do something for the benefit of the little Infants' Home. It has now grown so rapidly that it is one of the important events of the late summer.

Mrs. Karl Eilers is at the head of the workers, and with her in direct management are associated Mrs. A. F. Schneider, Mrs. Adolph Saar, Mrs. Benner X. Smith, Mrs. Wallace M. Bransford, Mrs. F. C. Knight and others. These women are not those in active management of the home, but they have become so interested in the needs of the institution that they have taken this means of doing something for it.

Others whose services are to be given to the affair are Miss Minnie Sadler, Miss Margaret Schneider, Mrs. James E. Jennings, Mrs. M. S. Woodard, Mrs. J. C. Meyer, Miss Elizabeth McMillan, Miss Mildred McMillan, Miss May Kervin, Miss Alva Adams, Miss C. R. Pearson, Miss Minette Baer, Miss Stella McIntyre, Mrs. C. F. Adams, Mrs. M. H. Kevlin, Mrs. C. C. Smith, Mrs. C. E. Richards, Mrs. P. C. Thompson, Miss Mary Smalley and Misses Maud and Lillian Fitch.

WRITERS WEAR NOVEL BADGE.—In a letter to a friend in Salt Lake, H. J. Robinson, editor of the Bingham Bulletin, who is attending the national press convention in Denver, encloses the badge worn by the writers of the press.

This is a cardboard representation of a banana. On these are printed: "One of the bunch and every one of a good one. Pithy to Denver, 1906." Mr. Robinson's note is brief, containing the trite piece of advice, "Don't eat the fruit."

COLORADO JUDGE VISITING IN ZION

Member of Famous Supreme Court Says Conditions Here Are a Wonder.

POLITICS GROWING WARM

PATTERSON AND SPEIR FIGHTING FOR CONTROL OF PARTY.

Justice John Campbell of Colorado Springs, a member of the supreme court of Colorado, who has extensive realty holdings in Salt Lake, is a guest at the Knutsford.

"Salt Lake is destined to become a great city," he said last night. "I was surprised when I came at the substantial business houses and business men you have here."

Alva Adams' Prediction.

"Former Governor Alva Adams made the prediction many years ago that at some time the greatest cities of the country would be New York, Chicago, Denver, Salt Lake and San Francisco. He predicted that his prediction was more in the nature of a prophecy, as the development of these cities seems to tend in that direction."

"The fact that a house cannot be rented in the city and that it is difficult to even get apartments is a good indication. With the great mineralized zone about the city, with your agriculture and with your railroads and commerce there is no reason why Salt Lake should not be a great city."

Colorado Politics.

"What can you say of political condition in Colorado?" was asked. "I am not in any sense a politician and pay but little attention to politics. There is no local candidate for the gubernatorial nomination on the Republican ticket in the field at this time. Governor McDonald declares he will not accept nomination, and he is the most available man in sight."

The control of the Democratic convention will be fought for by Senator Thomas M. Patterson and Mayor Speir of Denver. The fight for the Democratic gubernatorial nomination will be between Judge Ben B. Lindsay and former Governor Alva Adams."

Labor Conditions There.

"What can you say of labor conditions in Colorado and what about the big franchise fight?" was asked. "The labor conditions in Colorado have been so constantly held up for attention by the press of the country that I could say nothing concerning them that has not already been said. As to the franchise question, I will say nothing, as that matter is to come before us for judicial consideration on the supreme bench. Of that matter I cannot speak. I do not believe in the judicial branch of the government, nor in expressing views on subjects that will come before them as members of the bench."
